Bluebird launches smartphone-linked Mobile PIN Pad Series for all business

Bluebird has launched Mobile PIN Pad Series, a new chip and PIN mobile point of sale devices designed to give your customers and your business the simple and security of card payments. The nomad PIN Pads especially enables small and medium- sized merchants to accept instant and secure card payments.

As the sleek and light-weight devices feature Bluetooth and NFC capability, all you need is your smartphone or tablet to pair with them.

The Mobile PIN Pad Series will make their first appearances in this month at the ETA Annual Meeting & EXPO in New Orleans USA .
